

Diamond Drill Personnel – BBS 56

US Operations

Cabo Drilling (Nevada) Corp.

Web: www.cabo.ca

Cabo Drilling (Nevada) Corp is expanding operations in United States and searching for seasoned surface diamond drillers with experience on the BBS 56 for operations in Arizona and Nevada.

Responsibilities and Duties

Conduct pre-shift operational and safety checks, daily preventative maintenance, set-up equipment, operating drill, down-the-hole management and maintenance, optimize bit life, and communicate with cross-shift on progress and needed supplies and maintenance.

Qualifications and Skills

Your proven drilling ability in various drilling conditions is complemented by your ability to work as a team player. Up-to-date OSHA & MSHA certification & First Aid required. Positive attitude and ability to work well with client, supervision, cross-shift and drill assistants. Mechanical aptitude an asset.

Benefits

These positions offer a competitive base wage, production bonuses, paid travel, pre-paid accommodations and living out allowances.

Please forward resume in confidence to: jamesg@cabo.ca

*Thank you to all those who send in their resumés.
Only those selected for an interview will be contacted.*
