

Experienced Diamond Drill Personnel US Operations

**Cabo Drilling (Nevada) Corp.
Web: www.cabo.ca**

Cabo Drilling Corp. is expanding operations in United States and is searching for seasoned drill supervisors, surface and underground diamond drillers, drill helpers and MSHA trainers for operations in New York, Arizona and Nevada.

Responsibilities and Duties

Conduct pre-shift operational and safety checks, daily preventative maintenance, set-up equipment, drill operation, down-the-hole management and maintenance, optimize bit life, and communicate with cross-shift on progress and needed supplies and maintenance.

Qualifications and Skills

Your proven drilling ability in various drilling conditions is complemented by your ability to work as a team player. Up-to-date OSHA & MSHA certification & First Aid required. Positive attitude and ability to work well with client, supervision, cross-shift and drill assistants. Mechanical aptitude an asset.

Benefits

These positions offer a competitive base wage, production bonuses, paid travel, pre-paid accommodations and living out allowances.

Please forward resume in confidence to: jamesg@cabo.ca

*Thank you to all those who send in their resumés.
Only those selected for an interview will be contacted.*
